

## Specialist Caravan Insurance comparison website launched

By Insuretec Ltd

Dated: Jan 18, 2010

*Insurance comparison website specialists, Insuretec Ltd, have announced the launch of a new site that compares Caravan Insurance quotes from multiple UK suppliers. All risks cover for static and touring caravans is available through the online system*

Getting the best quote for Caravan Insurance should now be a whole lot simpler thanks to a new website <http://www.caravaninsurance.info>

The website compares caravan insurance quotes from all the major suppliers and independent specialist insurance brokers and allows you to purchase cover instantly online.

Dave Stacey, caravan insurance director at Insuretec said,

"In the past it has not been easy for owners of touring and static caravans to get the best deal for their caravans, and in some cases not even the best or adequate cover. This was due in part to the fact that many owners bought their caravan insurance directly through the club or association to which they belonged and were discouraged from shopping around for insurance deals. Insurance brokers at large, did not have access to these specialist schemes and were not able to offer their caravan owning customers the best cover."

"Our online system is simple to use and you can obtain a quote for your caravan in under a minute. You simply have to enter your caravan's details once and a few facts about how you use the caravan and our system passes the data to a central electronic exchange to retrieve the very best rates and covers, for virtually every make and model of caravan on the UK market."

"Large online discounts are available and incorporated in to the quotes returned. There are additional savings to be had if you are a member of a recognised caravan club or have improved caravan security. "

We estimate our customers will save in excess of twenty five percent of their current annual caravan insurance premiums!" He added.

To try out the new caravan insurance comparison system for yourself, where you can also purchase cover for mobile homes, park homes and towing vehicles; visit the website at <http://www.caravaninsurance.info>
