Getting the best quote from specialists for your Vintage Car should now be a whole lot easier thanks to a new website which compares vintage car insurance quotes from all the major suppliers and independent specialist insurance brokers.

Insurance comparison website specialists, Insuretec Ltd, have announced the launch of a new site that compares Vintage Car Insurance quotes and allows owners to contact UK suppliers direct.

If you own a car built between 1919 and 1930 you can now compare a range of specialist vintage car insurance quotes and schemes, from the UK's premier online vintage car insurance company. All risks cover for vintage cars is available through the online system or via a dedicated vintage car insurance call centre staffed by experts.

Getting the best quote from specialists for your Vintage Car should now be a whole lot simpler thanks to a new website <http://www.vintagecarinsurance.co.uk>

The website compares vintage car insurance quotes from all the major suppliers and independent specialist insurance brokers and allows you to purchase cover instantly online no matter how old your vehicle, Vintage car insurance is able to cover all makes and all models of vintage car.

Dave Barton, Vintage Car Insurance divisional Director at the company said,

"In the past it has not been easy for owners of vintage cars to get the best deal for their cherished vehicles, and in some cases not even the best or adequate cover. This was due in part to the fact that many owners bought their vintage car insurance cover directly through the club or association to which they belonged."

"People were naturally discouraged from shopping around for insurance deals for specialist, rare or expensive motors. Insurance brokers at large, did not have access to these specialist schemes and were not able to offer their vintage car owning customers the best cover."

"Our online system is simple to use and you can obtain a quote for your vintage car in under a minute. You simply have to enter your vehicles details once and a few facts about how you use the vintage car and our system passes the data to a central electronic exchange to retrieve the very best rates and covers, for every make and model of vintage car on the UK market."

"Large online discounts are available and incorporated in to the quotes returned. There are additional savings to be had if you are a member of a recognised vintage car club or have improved home security. "

"Furthermore we are able to cover every driver in the UK no matter what their previous driving history may be including, Young Drivers, Female Drivers, Drivers with 2 or more previous Accidents / Claims, Drivers with 2 or more driving convictions, Drivers with any criminal conviction, any driver with disability or medical condition, any person who has had insurance refused / cancelled, and Drivers over 75 years old."

"We all so cover Vintage cars in all areas of the united Kingdom including the Channel Islands & Isle of Man."

"All Non standard occupations are also covered under our vintage car insurance scheme i.e. Footballer, Actor, Publican etc "

We estimate our customers will save in excess of twenty five percent of their current annual vintage car insurance premiums!" He added.
